PRESIDENT 4-2500

Board on Geographic Names,  
Washington 25,  
D. C.

Gentleman:

For over 20 years a resident of Missouri, (present N. Y.)—I would like to propose for your sincere consideration: The changing of the name of The Missouri River to Mid-West River.

Reasons: Geographic flow of river through the Mid-West States.  
The name Missouri river is a terriable reminder of the floods.

Yours truly,  
*Melvin H. Dunn*
